J. A. H. PRYOR, of St. Albert, has issued an eight page weekly newspaper under the comprehensive title of the North American News. The subscription price is 50c a year. The editor explains that his is not merely a local paper. He proposes to take in a wider field. The sample copy is worth more than the subscription price.
THE Regina Leader says that the Massey Harris Co. sold more machinery at that point last season than at any other agency of theirs in the west. Also that the percentage of cash collections was higher. This speaks well for the Regina district. The Leader should agitate for a Galician or Doukhobor settlement in that vicinity. There is a lot of vacant land.
THE lot given by the citizens of Fort Saskatchewan at the Mansion House on Friday evening last was a great success. About 100 persons were present. The music was furnished by the Patriotic, father and daughter. Supper was provided by F. Marriaggi, host of the Mansion House. A strictly first class time was spent, and every one was delighted. Some twelve persons from town were present.
THE Clara Mathes comedians will appear in Robertson Hall on Monday evening, Jan. 23rd and four following nights. The company numbers fifteen members, and is highly spoken of at all points at which they have already appeared. Miss Mathes has already appeared at Edmonton as leading lady in the Harry Lindley troupe. The Black Flag will be the play of the opening night.
LARRY & PICARD have issued a specially striking and appropriate calendar for 1899. The engraving shows the front of the firm's Edmonton establishment on Jasper avenue, and also their outpost at Lesser Slave lake, with the Slave lake ferry in sight. The drawing is by W. H. McMahon, Edmonton, and is a most creditable and artistic piece of work. The firm also issues a German calendar of plain and useful design, with the badge of the firm, the Beaver and Maple leaf.
RAYMOND FITZMAURICE and H. Roeling arrived from Island lake, Jasper House trail, on Thursday evening. Mr. Fitzmaurice was suffering from a severe gash with an axe on the great toe of one foot. They were on the trail about 80 miles from here, on their way to the Jasper House. The accident occurred on Wednesday evening while Mr. Fitzmaurice was chopping wood. They at once started for Edmonton to get surgical attention, reaching here on Thursday evening. Mr. Fitzmaurice is now in the hospital.
THE difference between the style of farming in Manitoba and in North Alberta was brought forcibly to Mr. C. Gallagher's attention when in Winnipeg recently. More hogs were brought into Edmonton and South Edmonton in a single day than were brought into Winnipeg market by farmers during the week he was there. Hogs are being imported from Ontario by the packing companies. Mr. Gallagher is of opinion that North Alberta packed and shipped as many home-grown hogs last year as Manitoba. The good price of hogs here this season is helping out the farmers who have suffered from the low price of grain. In poultry the difference is as great as in hogs. Manitoba imported its Christmas poultry from Ontario. But in Alberta supply the local market the Edmonton district has shipped a large quantity of chickens and turkeys to Kootenay. Mixed farming is the safest and pays the best in the end, and North Alberta is the country for mixed farming.

BULLETIN Co. (LTD.)

EDMONTON BULLETIN, JAN. 16th, 1899.

IMMIGRATION, 1898.

The BULLETIN has been privileged to make the following extracts from the annual report of immigration agent C. W. Sutter:

From the first of April until the middle of December, I was all but continuously occupied in driving delegates over the country in every direction, and looking after the welfare of intending settlers, the rest of my time being devoted to answering letters from many places asking information. Last year I reported the arrival here of 51 delegates. This number increased in 1898 to 170, a striking proof of the extent to which the Northwest has become known as a field for immigration. The remarks made in my last report as to the opinions expressed by one and all of these delegates regarding this district apply with equal force to those who visited the country in 1898.

These delegates came from the following States and countries:

Massachusetts,	12
Dakota,	15
Illinois,	18
Iowa,	12
Kansas,	18
Minnesota,	32
Michigan,	17
Montana,	3
Missouri,	6
Nebaska,	9
Wisconsin,	20
Germany,	3
Scotland,	2
Russia,	2
—	170

The best proof of their appreciation of the attractions of Alberta is that quite a number of the above delegates entered for homesteads or bought railway lands before returning home.

The prediction made by me last year regarding immigration from the United States has been fully verified, as will appear by reference to schedule annexed hereto. These so-called American settlers are for the most part ex-Canadians, the rest being foreigners. It may be confidently predicted that from this time forth there will be from this source a steady yearly influx of the most desirable class of settlers, possessed of more or less capital.

As to foreign immigration, other than Ruthenians, I can safely say that the figures given in the schedule fall far too short of the actual number of arrivals. Letters from settlers in the various German colonies in Alberta have had the effect of bringing their friends and relatives hither to settle at once upon lands already selected for them. These people are met at the railway station by those on whose advice they came, and go direct to their destination, not coming into contact with the immigration officials in any way. They are nearly all in comfortable circumstances and many have bought improved farms. It is in the nature of things impossible to keep track of immigrants arriving thus.

The schedule shows a large number of Ruthenians, who are both from Galicia and Bukovina, some few even from Roumania. While they are certainly in some respects not as desirable as other settlers the fact of their industry, thrift and future prosperity may be considered settled. Government aid will be required only for those who arrived late in the season. These people alone have offered as a bonus to a proposed customs grist mill at Edna about 2,500 bushels of wheat, which does not look like poverty. It can fairly be said that their material progress is on a par with that of any other race in the country.

The grain crop this year, although not on the average up to the phenomenal yield of 1897, was excellent, damage from frost or spring drought occurring in but few cases, and the increase of acreage under cultivation was enormous. Stocks of cattle have also largely increased, and the sales of agricultural machinery have been very heavy.

I regret extremely that after the trouble taken by me to show Prince Hilko and the other Doukhobor delegates over the country, and their expressed desire to settle at White Whale lake and Beaver lake, it has been decided to place them elsewhere and out of this district. In my opinion they would have been valuable settlers.

The creameries still continue to do good work and the increase in the number of milk cows kept is a proof of the appreciation of the farmers.

Owing to my constant absence from Edmonton accompanying delegates I found it impossible to keep an accurate record of immigrants arriving each month, but in schedule annexed I have given the total arriving from each country during the year so far as they came under my observation. The actual immigration is undoubtedly much greater than this return shows.

Schedule of immigrants arriving

from countries named during the year 1898:

	Male.	Female.	Total.
Austria (German),	15	9	24
Austria (Ruthenian),	800	575	1375

REPORTS FROM FRANCES LAKE.

Rev. John Pringle, who has recently come down the Stikine from Glenora, gives the following news regarding prospectors, which appears in the Victoria Times:

At Glenora, 150 in the town itself, all white. At Telegraph Creek, 50 whites and many Indians. On the trail between Glenora and Teslin are groups of cabins, including one of 30 of the New York party. At the Tahltan is a village of 25 cabins. The Toopy country holds a good many. Hundreds of horses and mules are wintering on the ranges waiting for spring. Numbers are at Dease lake, Lake Frances and the head waters of the Pelly. The postoffice at Glenora serves now about 1,200 people.

Speaking of the outlook he says there come good reports north of the trail between Telegraph and Dease lake. Parties from Lake Frances report it a fine country to prospect in and call a good mineral country. Most of these people came in by the Ashcroft and Edmonton trails, of course late, but have found good copper. Quite a large quantity of gold has come from the Dease lake country. He saw between \$800 and \$900 in coarse gold that was brought from there.

A STRAIGHT STORY.

Two letters from C. Alexander, member of a party of Klondikers hailing from Britton, Carlton Co., Ont., appear in a recent issue of the Carp Star. The first is dated from Fort Simpson on June 28th. The second is from Fort McPherson on July 19th. The party had reached McPherson on the 16th. In the letter from Fort Simpson Mr. Alexander says: "We have now come nearly 1,300 miles on water and have not had one misfortune." The party had a good trip from Simpson to McPherson, but the flies were terrible. They intended to track up the Peel river in the hope of finding good prospects on it, or possibly of crossing over to the head of Stewart river. Speaking of this Mr. Alexander says: "Our real work now begins; but we came here for that purpose and are ready for it. There has not been a case of sickness that I have heard of among all the miners coming down the river. The wood on the Mackenzie was very stunted near the mouth, but here (at McPherson) it is larger. Peel river is noted for deer. Last year the Indians brought down 10,000 pounds of dried venison from the head waters." The letter concludes: "If any from around there think of coming here next spring they must be ready for hardships and privations, although any one who is not easily discouraged can come through flying."

FARMERS' MILL AT FORT SASKATCHEWAN.

A meeting of representative farmers was held at Fort Saskatchewan on Saturday afternoon to further consider the erection of a farmer's mill at that place. About 50 farmers were present. A large amount of stock was subscribed. The following provisional directors were appointed: Gus Doze, F. Marriaggi, Geo. Baker, M. Moran, W. Walker, T. G. Pearce, J. Lamoureux, L. Moret, H. Irwin. Secretary, W. Griesbach. The shareholders will meet with the provisional directors next Saturday, Jan. 21st, in the school house, when the balance of the stock will be subscribed. The directors will apply in the usual way for incorporation. It is understood that the capital stock is to be \$30,000, divided into 500 shares of \$60 each. No person is allowed to hold more than five shares. Twenty-five per cent. of the stock is to be paid up within two months. This is expected to provide the mill building. Twenty-five per cent. more will be called up to provide the machinery. Leaving 50 per cent. to be called up as required for the running of the business. The mill is to be a strictly merchant mill. No grinding on exchange. Each shareholder is to have the privilege of purchasing 36 sacks of flour per year—and no more—at wholesale price, with proportionate amount of bran and shorts. Shareholders have no other special privilege in the working of the mill.

MANITOBA OATS.

Winnipeg Commercial, January 7: Prices paid to farmers here have ranged from 23c to 26c as to quality. For ordinary feed quality 23c to 24c per bushel of 34 lbs. has been the general price, and sometimes 25c have been obtained. Good qualities have brought 26c for milling. Car lots are generally held at 25c on track here for ordinary feed quality, and we quote 24c to 25c for cars of feed and 26c for a good No. 2 white of full weight per bushel.

WHEAT MARKETS, JAN. 10.

Broomhall, the great English authority, in discussing the wheat situation reaches the decision that somewhat higher prices are in sight for wheat. The Argentina crop is five million bushels below the average. The world's wheat crop is smaller than usual. There are smaller stocks on hand. Argentina gold premiums are lower, Indian exchange is higher, freights are higher, and commercial enterprise is on a sounder basis.

In Manitoba the wheat trade was at a standstill owing to cold weather and business reaction after the holidays. Wheat prices: Gladstone and Minnedosa 57, Neepawa 59, Yorkton 44c.

Oats: 16c to 21c to farmers along the Manitoba Northwestern railway. In Winnipeg oats were worth 25c to 27c a bushel. Deliveries small.

Fort William 68c No. 1, 64c No. 1 northern.

Chicago 71 1-8c down to 70c.

New York 78 1-8c.

BANKY ELECTION.

The North Cammore and Laggan polls in the local election in Banff district were thrown open by judge's order, and another vote was taken at these polls on Saturday. The result gave Sifton 4 majority at North Cammore and 6 majority at Laggan. There were 20 ballots disputed at North Cammore and 11 at Laggan. The rights of the voters whose votes have been disputed will be tried before the deputy returning officer on Monday and Tuesday and the final count and declaration made on Wednesday. The final result will remain in doubt until Wednesday.

NEWS FROM DAWSON.

Mrs. W. S. Robertson recently received two letters from her son, F. M. Robertson, of Dawson City. One is dated October 4th, and the other Nov. 19th. The one of last date was first to arrive. All the Edmonton men were well when Mr. Robertson wrote except young Couture, whose death had just occurred. Miners' wages were \$100 a month and board. There was plenty of provisions, and food was reasonably cheap. There was a good deal of sickness. Mr. Robertson had sold his claim and hoped to be out on a visit in the spring. Everything was much overdone in Dawson.

FORT SASKATCHEWAN.

The increased school population here necessitates an increase of seating accommodation. Mr. Braden is in bed ill. We hope to see him around again soon. The Fort Saskatchewan Milling Co. have an electric light plant for use in their mill. It will be fitted up shortly. Jan. 12, '99. A. H.

EDNA.

On Dec. 29th, a public meeting was held in the Beaver Creek school house. Mr. McGill was called to the chair; then called upon Mr. E. Watson to read the prospectus of the proposed grist and saw mill. Mr. Watson said it was proposed to erect a mill east of the bridge, opposite J. Campbell's post office, to do custom work, also keep on hand for sale lumber, flour, and feed at market prices. The capacity should be not less than 25 barrels. It was remarked that that size was not large enough for present requirements. Mr. Watson then said for a bonus of 2,000 bushels two run of stones would be put in, and for an additional 1,000 bushel bonus two pairs of rollers would be added, the capacity would then be quite fifty barrels. The bounties' privileges are, rough lumber sawed at \$4.50 per M, sawed planed and matched at \$6.50 per M. Gristing at 10c per bushel or 10 lbs. of good wheat. Feed to be chopped at 7c per bag or the eighth bushel. The prices to others not bounties would be saving \$5 per M. Gristing 15c per bushel, chopping 10c per bag. A committee of the following gentlemen was appointed to prepare an agreement with the millers to secure the farmers' interests: Messrs. J. Campbell, Ole Daly, K. A. Morrison, E. S. Harris, and D. E. McLean. This committee held a conference with the millers, Messrs. P. Mohr & E. Watson, when quite a few resolutions were adopted. These in their turn were discussed at another public meeting held on the 5th inst., when everybody had a chance to air his opinions, and trot out his milling experiences, with the result that a few more resolutions were added to the list. After a long discussion it was finally agreed that the secretary, D. McLean, should draw out the contract embodying all the resolutions submitted, without the advice or assistance of a solicitor. The farmers are not moss backs here. On the night of the 7th a little snow fell.

Annual school meetings at the Beaver and Creekford school houses. George Gray, and Henry Yerex are the respective new trustees. Frank Harris has been ill in bed for the past week. Jan. 9, '99.

MILL BY-LAW; 76 TO 7.

The voting on the by-law to exempt Dowling & Co.'s proposed mill from taxation for twenty years, and to purchase a site, took place on Saturday. Result 76 for, 7 against. The by-law is therefore carried. It is understood that the Mill Co. prior to purchase the site from the town rather than accept it on the conditions proposed. If this is done Edmonton secures the filling of a long felt want at a very cheap rate. The vote on the by-law leaves no question as to the feelings of the ratepayers towards the enterprise.

UNRESERVED

Administrator's

..SALE..

The Farm, Farm Stock, Implements, Household Effects, Etc., of the late James Stamp will be sold by Public Auction, on

Tuesday, Jan. 17th, 1899,

commencing at 12 noon sharp, on the premises S. E. 1/4 Sec. 9, Tp. 55, N. 21, West 4th M.

The farm contains 160 acres, more or less, of which about 90 acres are broken, 70 of which have been under cultivation. The whole is fenced, and in addition, there are about 20 acres fenced off as a pasture. The fencing is chiefly wire. There are three good wells.

The buildings consist of a dwelling house, one and a half stories, about 18x22, with lean-to shed; frame granary one and a half stories high, about 18x22; two large log stables and one smaller stable built of lumber, and two sheds.

The Farming Implements: Among these are a Massey-Harris binder, a Massey-Harris mower, a Ford tractor, disc harrow, hay rake, plough, harrow, waggon, sleigh, harness, etc., etc.

The Farm Stock: Five horses, including a specially fine work team; 13 head of horned cattle, two cows and seven pigs.

Miscellaneous: Household furniture, clothing, a large quantity of tools, a quantity of hay and green feed, etc.

A Free Lunch will be served at 11:00 a.m. Terms of Sale: The real estate will be offered at an upset price, or subject to a reserved bid, and to the customary conditions of sale; 20 per cent. down on the purchase money, the balance in twelve months; deferred payments bearing 8 per cent. interest.

The whistles will be sold for cash up to \$25.00. If the surplus payable by any purchaser is also paid at the time of the sale, a discount of 5 per cent. thereon will be allowed; otherwise, satisfactorily endorsed notes at three months, bearing 10 per cent. interest, together with a lien agreement, if required, must be furnished.

For further particulars application may be made to W. S. ROBERTSON, BECK & EMERY, Auctioneers, Advocates for the Administrator.
